DETAILED ACTION

Response to Amendment

The Amendment, filed on October 2, 2007, has been entered and acknowledged by the Examiner. Cancellation of claims 8 and 10 has been entered. Claims 1, 3, and 9 are pending in the instant application.

EXAMINER'S AMENDMENT

An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it MUST be submitted no later than the payment of the issue fee.

The application has been amended as follows:

Claim 3 should read as follows:

"The deflection unit according to claim 1,"

The following changes to the drawings have been approved by the examiner:

The key boxes in the drawings should be written in English and not in French (i.e. FIG.

6). In order to avoid abandonment of the application, applicant must make these above agreed upon drawing changes.

Allowable Subject Matter

Claims 1, 3, and 9 are allowed.

Art Unit: 2879

The following is an examiner's statement of reasons for allowance:

Regarding claim 1, the references of the Prior Art of record fails to teach or suggest the combination of the limitations as set forth in claim 1, specifically for the limitation of the harness portion defined by an edge extending laterally at a constant first radial angular position of about 0 degrees from the rear portions to a first location within the window region, the edge having a second radial angular position at least about 5 degrees, and not more than about 30 degrees, at a second location within the window region in combination with other claimed features of the present claimed invention.

Regarding claims 3 and 9, claims 3 and 9 are allowable for the reasons given in claim 1 because of their dependency status from claim 1.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
